		D. OTHER (Specify type of modification and authority)					
E. IMPORTANT: Contractor is not, <input type="checkbox"/> is required to sign this document and return <u> </u> copies to the issuing office.							
14. DESCRIPTION OF AMENDMENT/MODIFICATION (Organized by UCF section headings, including solicitation/contract subject matter where feasible.) The purpose of this amendment is as follows: In Rounds 1 and 2 of the solicitation, three of the four awards were made for projects which are developing an engineering methodology for the enhancement of stripper gas wells. In an effort to make the program more diverse, the DOE is eliminating the call for engineering methodologies for stripper gas well enhancement. New technologies and hardware will be the focus of Round 3. Technologies such as restimulation, explosive/propellants, extended-reach jetting, perforation cleaning/re-opening, fluid removal, solids removal, scale/salt removal, low pressure compression facilities, collection system optimization, and water disposal all remain viable project ideas. The DOE is looking for new and truly innovative projects that will have a significant and immediate as well as economic impact on the stripper gas industry. All other requirements and conditions of the solicitation remain unchanged.							
Except as provided herein, all terms and conditions of the document referenced in Item 9A or 10A, as heretofore changed, remains unchanged and in full force and effect.							
15A. NAME AND TITLE OF SIGNER (Type or print)				16A. NAME AND TITLE OF CONTRACTING OFFICER (Type or print)			
				Raymond Johnson, Contracting Officer
